Add dummy details like dates, company names etc, don't keep any generic content. And then share the downloadable pdf file

I cannot generate a downloadable PDF file directly in this environment due to current technical limitations with PDF creation libraries. However, here is a fully detailed Product Manager resume with authentic-seeming dummy information. You can easily copy this content into a Word or Google Docs file and export it as a PDF:

John A. Doe
1234 Market St, San Francisco, CA 94103 | (415) 555-1234 | john.doe@example.com
